

Zinc/Zinc Sulfate Reference Electrode portable

Zinc/Zinc Sulfate reference electrode portable for Cathodic Protection systems

GENERAL INFORMATION

- | | |
|---------------------|---|
| • Dimensions | 101 x 50 mm (LxØ) |
| • Weight | Approx. 1 kg |
| • Installation | Natural soils or water sea |
| • Temperature Range | 0 - 57°C |
| • Storage Period | Indefinite if stored dry and away from light. |
| • Stability | +/- 5 mV with 3.0 microampere load |
